Dear Examiner:

In response to the Election/Restriction of October 4, 2007, please consider the following remarks.

Requirement for Restriction of Inventions

The Examiner has required, under 35 USC §121, election of a single disclosed invention for prosecution on the merits. This hereby confirms the election to prosecute the invention designated in the Office Action as Group A(I) – claims 1-20, drawn to a method of flattening a perfume release profile, classified in class 422, subclass 5. This election is made without traverse. Applicants expressly reserve the right to file continuation and/or divisional applications directed to the subject matter of the non-elected matter.

Conclusion

In view of the foregoing remarks, reconsideration of the application, withdrawal of the restriction requirement, and allowance of all claims are respectfully requested. No
